1.	Construction machinery and equipment	5.2	Natural stone for indoor and outdoor use
1.1			Natural stone, unprocessed
	Bulldozers, caterpillar loaders	□ 5.2.2	Natural stone, processed, for indoor use
□ 1.1.2	Wheeled loaders, compact loaders	□ 5.2.3	Natural stone, processed, for outdoor use
	Excavators, dredger-loaders		Skirting, wall blocks, facings Paving stones, curbstones, slabs
□ 1.1.4	Graders, levelling equipment		Boulders
1.1.5	Attachments for construction machinery		Natural stone for other uses
□ 1.1.6	Construction systems, water containment,	☐ 5.2.7 ☐ 5.2.8	Maintenance, preservation and fixing aids for natural stone
	trenchless pipeline construction	☐ 5.2.9	Machinery and equipment for processing natural stone
□ 1.1./	Tractors and attachments	5.3	Cast stone for indoor and outdoor use
□ 1.1.8	Single axle tractors, rotary hoes, attachments Handtools		Cast stone for indoor use
		□ 5.3.2	Cast stone for outdoor use
<b>1.2</b> □ 1.2.1	Construction of paths and squares, stonework Vibrators, rollers	□ 5.3.3	Skirting, wall blocks, facings
	Cutting machinery	□ 5.3.4	Paving stones, curbstones, slabs, water-resistant
	Levelling boards, paving machinery, vacuum systems		Paving stones, curbstones, slabs, permeable to water
	Other transport aids, grabs	□ 5.3.0	Cast stone for other uses Maintenance, preservation and fixing aids for cast stone
1.3	Planting	☐ 5.3.7 ☐ 5.3.8	Machinery and equipment for processing cast stone
	(for transplanting large trees see 9.2)	5.4	Wood materials for outdoor use
	Augers, planting equipment		Wood materials and components, structural wood
	Other machinery and equipment for planting		Wood terrace coverings and systems
1.4			Wood screens and fences
	Sowing machines, turf cutters	□ 5.4.4	Wood care products and preservatives
	Sprinklers Other machinery and equipment for grassed areas and seeding	□ 5.4.5	Fixing materials, laying systems
		□ 5.4.6	Other wood materials
1.5 □ 1.5 1	Measuring and testing Measuring instruments and ancillaries (electro-optical),	5.5	Materials and components
□ 1.5.1	levelling, test laboratories		for irrigation and drainage, aeration
□ 1.6	Other construction machinery and equipment,		Sprinklers, drip irrigation
□ 1.0	special equipment	☐ 5.5.Z	Gutters, drain pipes Other materials and components
_		□ 5.5.5	Other materials and components for irrigation and drainage, aeration
2.	Maintenance machinery and equipment	5.6	Materials and components for tree protection
2.1	Maintenance of grassed areas		Anchors
□ 2.1.1			Tree beds
	Sweepers, vacuum cleaners, loaders	□ 5.6.3	Traffic guards
□ 2.1.3	Regeneration, renovation, slitting, drilling		
			Protection during building measures
□ 2.2	Maintenance of wooded areas	5.7	Other materials and components
2.3	Maintenance of wooded areas Maintenance of paths and squares	<b>5.7</b> □ 5.7.1	Other materials and components Geotextiles
<b>2.3</b> □ 2.3.1	Maintenance of wooded areas Maintenance of paths and squares Sweeping machines, brushes	<b>5.7</b> □ 5.7.1  □ 5.7.2	Other materials and components Geotextiles Plant protection
<b>2.3</b> ☐ 2.3.1 ☐ 2.3.2	Maintenance of wooded areas Maintenance of paths and squares Sweeping machines, brushes Weed eradication, thermal and mechanical	<b>5.7</b> □ 5.7.1  □ 5.7.2	Other materials and components Geotextiles
